

Pupil Premium 2017-2018

The Government believes that the Pupil Premium, funding for which is additional to main school funding, is the best way to address the current inequalities by ensuring that funding to tackle disadvantage reaches the students who need it most. The Pupil Premium for 2017 - 2018 has already been allocated to schools. It has been for schools to decide how the Pupil Premium is spent since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility. New measures have been included in the performance tables that capture the achievement of those deprived pupils covered by the Pupil Premium. From September 2012, schools are also required to publish online information about how the premium has been used.

Number of pupils and pupil premium grant (PPG) expected 2017 - 2018	
Total number of pupils on roll	207 pupils
